

**Consolidated Responses to Pre-bid Queries**

**RFA: A Community Approach to Decentralized Community Based Disease Surveillance in India**

<b>S.No</b>	<b>Questions / Clarification sought</b>	<b>Response of TIFA</b>
1.	Can we send the proposal on Community Approach to Decentralized Community Based Disease Surveillance in collaboration/Partnership with another organisation (NGO) with all the required qualifications as per RFA?	No. Consortium of organizations are not allowed.
2.	Are the two districts identified in the proposed 5 states for the above project. If yes, please give us the name of the districts.	No. It is to note that JSI/TIFA will identify the districts in consultation with the National Centre for Disease Control during the co-design phase.
3.	Do we have to work in entire districts for this project or part of the districts?	Need to work in entire district for this project
